

FARMING  
ON THE  
FRONT FOOT

XERO AWARD WINNER 2014

## Real-time financial information

### Confident farming decisions

A farm financial management solution that helps you farm on the front foot. Figured is a great way to get all the financial and livestock information you and your farming team need to make immediate and future-focused farming decisions.

- Livestock tracking, farm budgeting and forecasting tools that work with Xero.
- Confidently plan and reforecast with real time information when conditions change.
- Make decisions based on a true picture of farm performance.

Figured plus Xero ensures the farming team knows exactly where the farming operation stands – and where it's heading.

### Figured works hand in hand with Xero

Figured delivers the farm management information and Xero provides the accounting platform. Information flows seamlessly between the two, creating one financial platform with everything at your fingertips.

## Hear why farmers love Figured

"With Figured I can now be out on the land a lot more and all my focus is outside the office rather than worrying what's going on with the accounts."

**John Richmond**  
Oban Station Manager

"I know how my farm is performing in my head but these days we need to share information with investors and banks so we can show that profit is on track. Figured tells us exactly where we are which is really good."

**Guy Melville**  
Kaiangaroa Station, Taihape, Nz

"With Figured everyone can see the numbers so we no longer have any surprises and we can spend our time thinking ahead about how to make more profit, and that's fun!"

**Tony Riley**  
Manager Te Awa Rua Station

# 5 great reasons to use Figured

## Complete picture

Financial and stock information in one place.

## Saves time

Less time chasing stock tallies and bank reports quickly generated when you need.

## Budgeting & forecasting

Track livestock movements, operating expenses, see overall profit and future cash available.

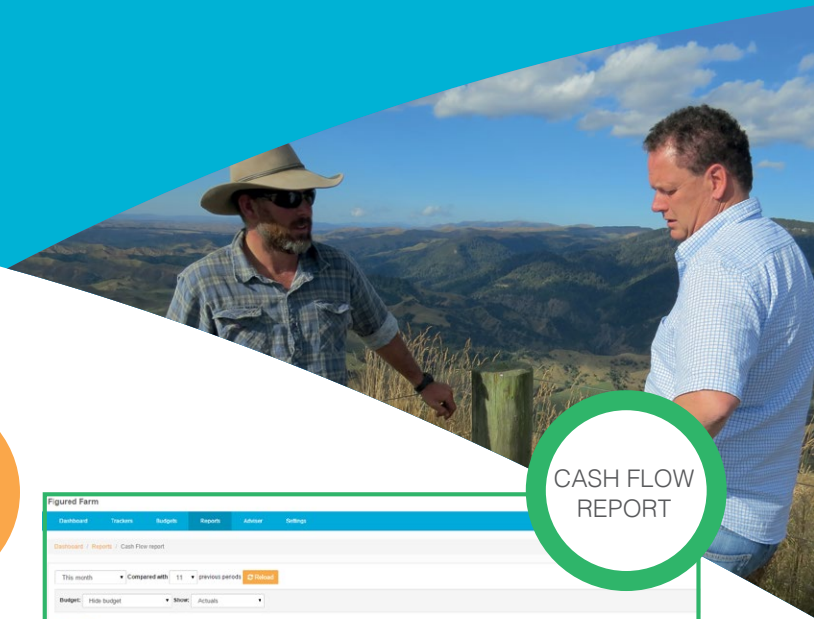

## Collaboration

A more effective way to work with your accountant, farm consultant and bank to produce up to date management information on how the farm is performing.

## Production reporting

Dollars per hectare, per kg milk solids and per stock unit are built into Figured and are available in a click.
